PROFESSIONAL SUMMARY

Art Director and Brand Strategist with a fine art foundation, building brand systems and campaign concepts that move revenue. Sole creative director for Jus Amazin's complete visual identity — packaging, campaigns, and brand systems across 15+ SKU lines — contributing to 176% revenue growth. Background spans fine art (BFA Gold Medal), curriculum design, and independent studio practice. Bengaluru-based; open to remote and international roles.

PROFESSIONAL EXPERIENCE

Design & Communication Manager (Art Director)

August 2023 – Present

Jus Amazin Foods & Beverages · Bengaluru, Karnataka

- Sole creative director for Jus Amazin's complete brand system — concept, packaging, and campaign work across 15+ SKU lines, contributing to 176% revenue growth and a 2.5x increase in brand recall.
- Developed advertising campaigns extending the brand system into motion, retail, and social — including a 30-second Q-commerce film and a typography-led back-of-pack system.
- Conceived and art-directed three advertising campaigns (Almond Milk Q-commerce film, Desi Energy Bar retail launch, Superfoods typography system) — see sivnco.in/campaigns
- Designed 15+ SKU packaging lines end-to-end: Jowar Puffs, Almond Butter, Desi Energy Bars, Gluten-Free Atta, Millet Mixtures, and Pancake Mix, each requiring distinct structural and visual treatment.
- Improved production efficiency by 40% through standardised design-to-print workflows and reusable template systems across the packaging line.
- Expert in flexible packaging specification: Matt BOPP, Met-PET, and PE substrates; print compliance and bleed requirements.
- Managed print manufacturing transitions between Digital and Rotogravure processes; led high-volume production runs from 16,000+ unit to 2,00,000+ sticker batches.
- Handled comprehensive vendor coordination for print and packaging — RFQs, pricing sheets, sample approvals, timelines, and quality checks.
- Developed 3D product imagery in Blender — modelling, material simulation, and photorealistic renders used across Amazon listings, quick-commerce platforms, and marketing decks.
- Scripted and produced AI-driven social media video ads and presenter-style content using Runway ML and Eleven Labs tailored for Indian D2C and health-food audiences.
- Created all social media visual systems, email marketing templates, packaging compliance documentation, and outward-facing brand assets.
- Promoted from Visual Communicator to Design & Communication Manager within 18 months due to measurable business impact.

Founder & Principal Designer

2023 – Present

Sivnco Independent Design Studio · Remote / Bengaluru

- Founded and operate an independent design studio focused on D2C, FMCG, and founder-led brands offering brand identity, packaging, marketing design, illustration, and art commissions.
- Structured across four service tiers from single-brief project to monthly studio partner retainer; built and deployed the studio website ([sivnco.in](#)) with custom portfolio and enquiry management.
- Positioned around commercial design outcomes: every engagement is framed around measurable brand impact, not just aesthetic delivery.

Co-Founder & Creative Director

2025 – Present

Svsnart Academy · Malleshwaram, Bengaluru

- Co-founded a multi-disciplinary creative academy combining Carnatic music, painting, illustration, and graphic design education — built from zero including brand identity, curriculum, student systems, and marketing.
- Successfully ran Summer Camp batches (April and May 2026) across multiple cohorts managing student progression, scheduling, and parent communication.
- Developing online course structure and revenue model for sustainable growth and eventual international digital reach.

Art & Design Teacher

April 2025 – April 2026

Open House Technologies · Bengaluru (Whitefield Campus)

- Taught structured Art & Design to 20+ students weekly across age groups (5-15 years) — covering drawing fundamentals, watercolour and acrylic painting, colour theory, composition, and design thinking.
- Designed and adapted lesson plans to learner age, prior experience, and creative goals from young children building foundational skills to adults developing design literacy.

Graphic Designer

2022 – 2023

Refresh Kid LLC (EdTech) · Remote – United States (Texas)

- Delivered social media creatives, marketing banners, and brand assets for a US-based EdTech company fully remote and asynchronously across time zones.
- Built professional habits for international delivery: reliable communication, deadline discipline, and output-over-hours working style.
